

## JOURNEY OF DISCOVERY

Tap into the history of the UAE by booking a place on the jalboot – a local pearling boat – and join a guided tour that focuses on the country's pearling heritage. Once the lifeblood of the local community, local men would spend months at sea, diving to great depths to forage on the ocean floor for the precious gems. Visitors also learn how to open oysters and keep any pearls found as souvenirs. **Visit:** [adpearljourney.com](http://adpearljourney.com)
